Safeguarding Advice:

TTA has been working closely with local gov and local communities to help prevent the spread of the virus. The gov has opened a new walking center in Bilston close to the TTA training center. We are and will continue to work with all organisations to help awareness around Covid-19.

Templegate Training Academy is advising and it is important to reassure our learners and their families that we will continue to monitor the health and wellbeing of our learners.

TTA Team has outlined safe ways to contact staff. It is important that learners are able to contact tutors with particular questions and should expect staff and tutors to respond within a reasonable period of time.

If you have safeguarding concerns during the shutdown period, please email at admin@ttacic.uk to disclose your concern or call for advice and guidance from a member of the Safeguarding Team.

If you feel that someone is in immediate danger call 999.
